		X	X
		X	X
		X	X
		X	X

**Alarm** –All Door Opens and Closures

- All activity
- By PIN
- By Unit

X	X	X	X
		X	X
		X	X

**e-LocX** Globals patented Electronic Overlocking System

- All activity
- By PIN
- By Unit

X	X	X	X
		X	X
		X	X

### **Relay Function Execution**

- Displays what date, time and function (address, slot and relay number) was turned on/off

X	X
---	---

### **Export Data**

- Export all captured data to a file that may be opened and worked
- with using MS Word or Excel

X	X	X
---	---	---

## **Supported Electronic Devices**

- Supports Global Electronics' New Remote devices
- Supports Global Electronics Keypads

X	X	X
X	X	X

- Supports Global Electronics Alarm systems
- Supports Global Electronics Relay Boards
- Supports Global Electronics Pay-at-the-Gate
- Supports Global Electronics e-LocX systems
- Supports MSTC Keypads and Alarm Systems
- Provides upgrade options for existing MSTC users

## **Proxitrol Individual Door Alarm (Mux) Features**

- Tamper switch
- Logs all data (door opens/closures) even if no alarm is to be turned on!
- Up to 128 Door monitoring in 16 Door increments!

## **Redundancy systems available!**

- Power, Data and/or Computer!

## **Integration with other systems**

Axcys Integrates with:

- All major management software systems
- Kiosks
- MSTC electronic devices

## **Conversion**

- Conversions are easy! .
- Included Conversion Software for easy data import and set up.
- Conversion cost is part of our nominal installation and set up charge.

## **Facility Expansion**

- 100% expandable
  - Axcys Software and the devices it controls can grow with your facility as
    - it graduates from phase I to phase II and on!
  - Unlimited units/rental spaces for any purpose - depends on license
- \* Additional cost may be required - depends on license number of units

## **Software Updates/Upgrades**

- 100% upgradeable/Updateable
- FREE updates for licensed users!
- Note not all features/enhancements or modules are available free.
  - Some require an additional charge. See upgrade/update policy for details

## **Security**

- User Logon and Password \*coming Q1 2010
- Redundancy Systems available
- Battery Back Up
- Notification to our servers
